B. Public Comments

Due to the size of the sand dunes areas and the amount of visitors received every year specially during the holiday weekends, people understand and realize the importance of law enforcement presence in the sand dune areas of the Imperial County. During the last seven years the Imperial County Sheriff's Office has implemented an extensive law enforcement program increasing patrol presence in educating people about off highway vehicle laws, preventing reckless behavior from visitors at these areas. Here is an example of comments received by our agency:

"I would like to comment on the Imperial County Sheriff's Office Law Enforcement grant. Imperial County has a huge amount of off-road recreation with three large open areas and many miles of trails and roads in limited use areas. Law enforcement is so important in these areas to keep the peace and protect our recreation. This grant should be funded as fully as possible so that the Imperial County Sheriff's department can continue to do their work."
